

Buy Pyjamas and Help Families in India

Womens' clothes are not just about looking good, but feeling good as well. What better way to feel good in beautiful clothes than to contribute to a good cause at the same time. The April Cornell brand, now available at Sensational You does just this. By purchasing one of her beautiful nightgowns, pyjama pants and capris, a portion of the funds go to The Giving World, a charity designed to help educate women and children in India and fund programs that improve the quality of life there.

April Cornell has taken her well-travelled past and incorporated it into her unique designs. The textures, vibrant colours and patterns will transport you to a beautiful place. Sensational You is proud to offer products from a company with such visible integrity and one that demonstrates clear leadership in the issues that Canadian women care about.

These aren't the only pyjamas available at Sensational You. Other PJ options include WildBleu, Arieenne, Amoena and Kay Anna Spa. We carry a number of capris, shorts, pants, tops, nightgowns and house coats for various stages of a woman's life. Some of these items are moisture wicking, some are silky, some have sleeves, and some don't. If you're looking for something we don't currently carry, all you have to do is ask.

To view these collections and try something on visit Sensational You, or to schedule an appointment, call 519-766-8818.
